Writing

Today I want to tell you about the book I recently read. It called "Skillful worker". All his life Jack works on his plot. Manded plot is very big. The main character has a family. He has a wife and small son. They have no sophisticated food ~~or so~~ and no new wears, but they are happy. The author very believable described the life of an ordinary worker on farm. The author convinces that the family is happy, although not rich. Every summer, the head of the family goes to the city and sells its products. His products were very good and high-quality. And once he took part in competition for the best and big vegetable. What happened next you can read yourself... Book filled with the experiences of the main character and his family, as well as the interesting course of events and the plot. After reading this book, you will find out a lot of new things. The book shows a great deal of relations of people and their problems. In my opinion the book will like everyone. I advise everyone to read it. I want to hear your opinion about this book. I very enjoyed this book and I hope you ~~it~~ will liked too.
